Executive Course

AQUA NEXUS: WATER STRATEGY, ENVIRONMENTAL SUSTAINABILITY, AND INTERNATIONAL COOPERATION

Water is increasingly becoming a critical geopolitical and environmental concern worldwide. This executive course offers a comprehensive exploration of the intricate relationship between **transboundary water management, diplomacy, and sustainable development**. In a world facing escalating water scarcity, pollution, and climate change impacts, the comprehension of water strategy is crucial for fostering cooperation among nations and ensuring the equitable and sustainable use of water resources.

PARTECIPANTS

The course is aimed at professionals, graduates or students who intend to acquire knowledge in the field.

COORDINATOR

Filippo Verre, Reseacher at the Center for Advanced Middle Eastern Studies at Lund University and President at AB AQUA – Hydro-strategy think tank.
